

Happy 80th Birthday January 20th, 2018 Dear Miss Peggy!!

What a milestone you've reached! May the many years ahead be filled with much peace, love, health and the happiness you so deserve.

We have known each other since the early 90's and I want you to know how great it has been to be your friend and neighbour. So many dinners, visits and laughs we've shared over the years since I moved into my condo fourteen years ago. Prior to that we would sit together at the AGM's or always at least have a visit.

We have also looked after each other's homes, watering plants and retrieving mail whenever one or the other was off on a holiday. I appreciate that so very much and trust you to always keep the party's in 111 to a minimum in my absence! Lol

I am so happy and feel privileged to help you celebrate this birthday today! You are a wonderful friend and I look forward to many more great times together!

Take good care, my friend, and enjoy every moment.

Much love and many hugs,

Rita
